NHS England and NHS Improvement

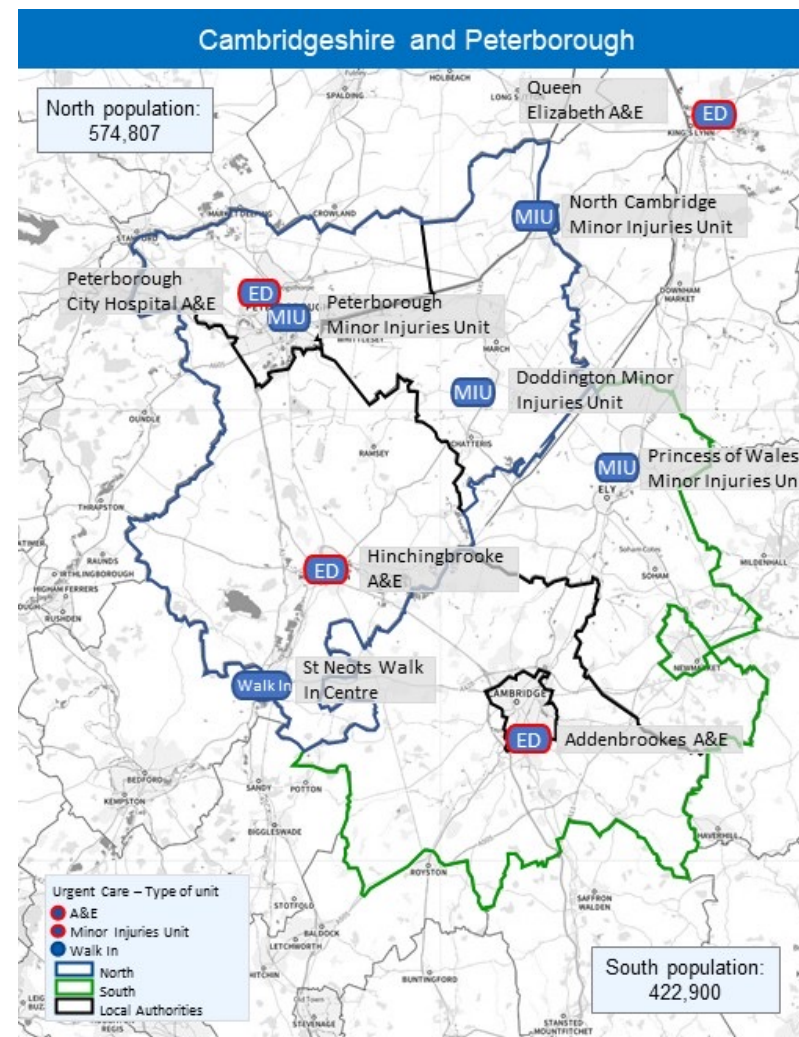

East of England

The new East of England region covers 20 clinical commissioning group (CCG) areas, stretching from Milton Keynes to North Norfolk. Geography includes densely populated as well as rural and remote areas.

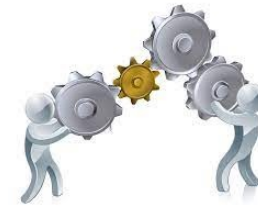

What makes up Cambridgeshire and Peterborough Integrated Care System?

Our partnership is composed of NHS providers (acute, community, mental health, ambulance), our CCG and GP practices, County and District Councils, our Health and Wellbeing Board, Healthwatch, the Local Medical Committee, voluntary care, and other partners

CCGs and the Local Authorities

CCG	Local Authority (LA)
CAMBRIDGESHIRE & PETERBOROUGH CCG	CAMBRIDGESHIRE COUNTY COUNCIL
	PETERBOROUGH CITY COUNCIL

EAST OF ENGLAND AMBULANCE SERVICE NHS TRUST	Nicola Scrivings	Dr Tom Davis (Interim)
HERTS URGENT CARE (HUC)	Graham Clarke	David Archer

ICS Development Plan

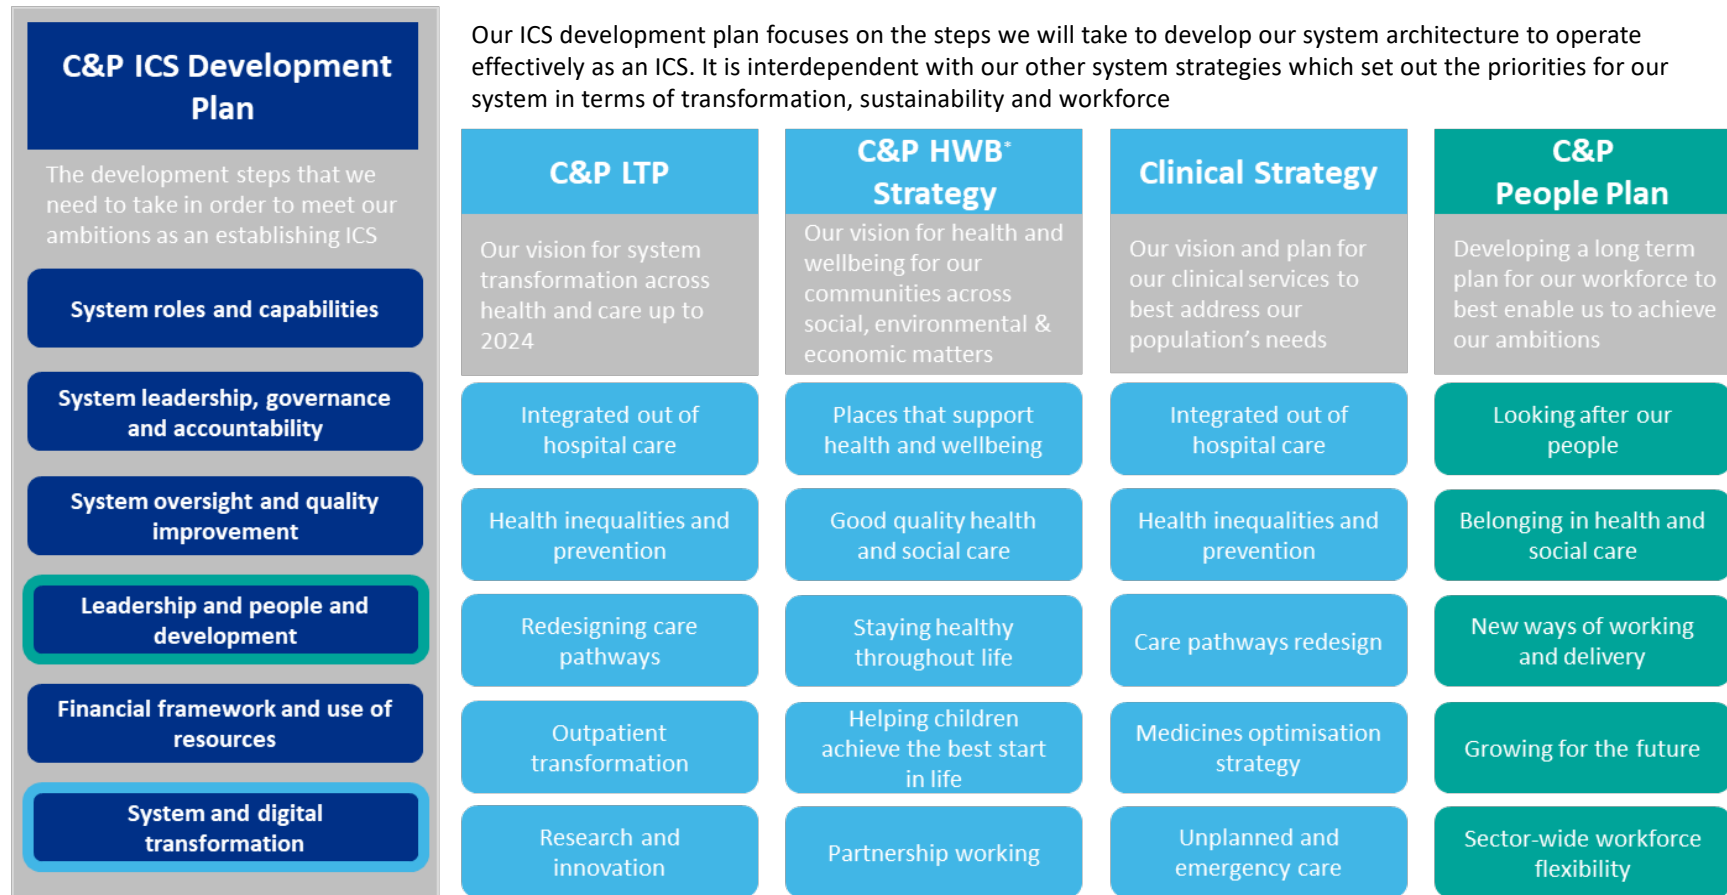

- We have a comprehensive Development Plan in place to support our ICS journey.
- It is built around six key themes and five 'golden threads'
- The Plan will guide our progress, activity and timescales for delivery.
- System Leaders and Partnership Board have oversight of the Development Plan via monthly reporting, supported by a Board Assurance Framework that captures risks to the successful delivery of the plan.

The C&P approach to planning ICS development

Our development plan aligns to our wider system strategies

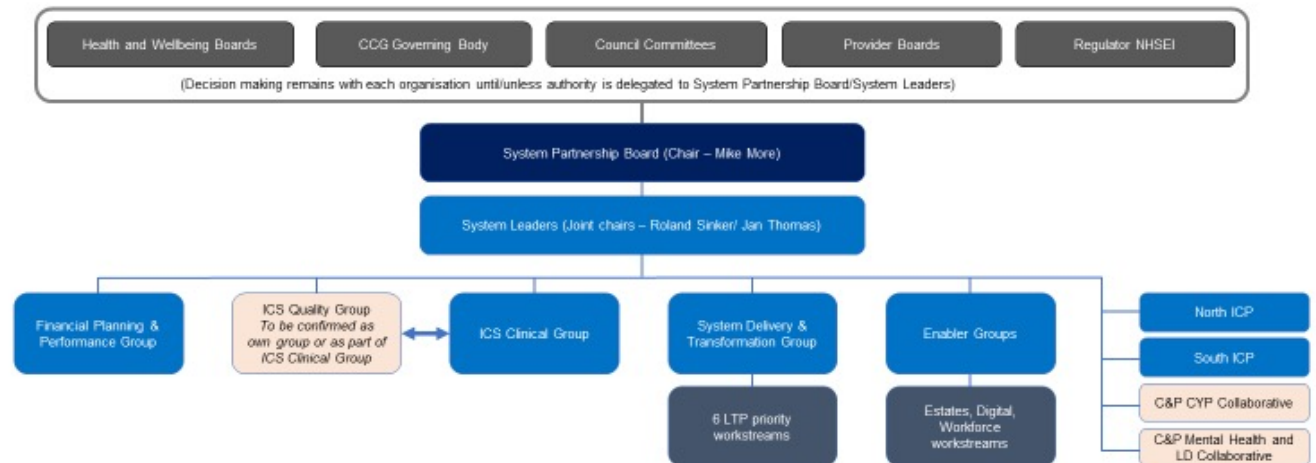

ICS Governance Arrangements

- We have a Transitional Governance Structure in place.
- All groups are established and are at varying degrees of maturity
- We have invested in OD support for key system groups, and will broaden this offer as our ICS matures
- We have agreed Governance principles for our system, are developing our system MOU and Constitution in line with national guidance
- We are standing up our System Oversight and Assurance Group in August 2021
- We will continue to iterate our ICS governance and will align this to national guidance as it develops

Transitional governance structure

In our transitional governance structure, we envision the System Partnership Board as accountable for delivery of system strategies and will work closely with the CCG GB, which will be accountable for system control totals, performance, assurance and quality, and strategic commissioning. The Financial Planning & Performance Group would support the CCG GB and make strategic financial decisions, with final plans needing approval of the CCG GB and partners' Boards. Our emerging Integrated Care Partnerships will be accountable for developing their capacity and capabilities, while individual providers retain statutory accountabilities for care delivery. We are in the process of agreeing to develop separate provider collaboratives for Children's and Young People as well as for Mental Health and Learning Disabilities. Our ICS Clinical Group will be responsible for overseeing our system-wide clinical strategy as well as providing clinical leadership to other system groups in an advisory role.
